

Web Sites As Easy As 1·2·3

1 Design

2 Add Content

3 Go Live!

1 Design

We will add your logo, contact information and select a color scheme that will reflect your established brand.

2 Add Content

Using the Gaslight Media Toolbox (Content Management System), update your site as easily as a document, adding unlimited pages and images to your site.

3 Go Live!

With all of our servers located in-house, you can access detailed visitor reports and real time traffic to your site. As part of your monthly hosting package, you will also receive 5 email accounts using your Web site name.

GaslightMedia
Internet Magic

Call 877-427-5444 or visit
gaslightmedia.com/quicksite to get started today!

Pricing begins at \$680 and includes a 2 year domain name registration and initial Search Engine registration.

Additional Products and Services

Search Engine Optimization

Gaslight Media's Search Engine Optimization is a multi-step, inclusive process, which involves monthly comprehensive analysis of your Web site. Additional upgrades including pay per click management, Social Media management and marketing are also available.

Email Marketing

Create privately branded emails, putting you in control of strategic email marketing campaigns for your business or organization. Our comprehensive reporting tools measure the success of each campaign, including how many emails were delivered, bounced, viewed, and how many people clicked through to your Web site, or forwarded your newsletter to a friend.
